

Instructions:

1. Reduce line thickness of reindeer outline to 0.1pt if laser cutting from illustrator.
2. Laser cut from 3mm MDF or acrylic, if legs are too loose, reduce width of the slots using the 'direct selection tool'  and selecting the anchor points then moving them.
3. Empty a CD case and insert the laser cut parts.
4. Laser cut and engrave the chosen case insert from the two provided out of corrugated card.
